

USGBC-NCC Silicon Valley Branch invites  
SF Bay Bridge and Diablo East Bay Branches to

# INTER-BRANCH HOLIDAY MIXER & SUSTAINABLE TRANSPORTATION SHOWCASE

USGBC-NCC Silicon Valley Branch hosts this **Inter-Branch Holiday Party** to promote networking with green colleagues from San Francisco, East Bay and Silicon Valley.

Think outside of the gearbox and join us as we celebrate our eagerly anticipated **Sustainable Transportation Showcase** held at Sparky's Hot Rod Garage in the lovely town of San Carlos central to all three branches. We will be featuring zero to low-emission or alternative fuel vehicles, charging stations, and the latest on biofuels. We've also partnered with other non-profit organizations who support ridesharing and alternative transportation.

- ★ Join green colleagues for a festive evening
- ★ Learn about local Sustainable Transportation products, services and technology
- ★ Electric Vehicles on Display with their Owners to share their driving experience
- ★ Enjoy drive-in food including sliders, fries, and mini-milk shakes

### **Our goal is for no-one to arrive via Single Occupancy Vehicle!**

Using public transportation or ridesharing makes you eligible to win raffles such as Clipper Cards and FasTrak passes!

**USGBC**  
**NORTHERN CALIFORNIA**  
*Silicon Valley Branch*  
TRANSFORMING THE BUILT ENVIRONMENT
